

SHUT UP and

write

CLT and the FOE have arranged a series of 'shut up and write' style sessions for all research active staff (or those who would like to be!). The aim of the sessions is to provide a quiet space for staff to come together to dedicate time to writing/research.

All staff whether you are FT, PT, AT's, GTA's or PhD students are welcome.

The structure of the sessions is usually a brief (few minutes) chat to your neighbour about what you would like to achieve in the session and a break half way for tea, biscuits and chat. Staff are welcome to drop in where they may not be able to attend the whole session. Please bring your laptop/tablet and charger. Add the following dates to your diaries and let us know if you intend to come along to any sessions, or just drop in!

Sessions unless otherwise stated will be held in the Lodge Meeting Room
